The pros and cons of these two factors are weighed every time a rough diamond is cut. Home Diamonds. May 28, TheHeartsOnFirecutisabeautifulblendofartandscience. Login to myAWDC. Oval diamonds are also very popular as their length can accentuate long, slender fingers. DiamondOffice.After some inspection, it looks like Shaping Diamonds will get more heart-shaped diamonds than cushion cut out of these rough stones. You see, selling an uncertified diamond turns in a better profit as compared to sending the stone for grading only for it to return with a damning report.
