Bought the book on Friday and received it Monday morning. I know two books don't make a genre, but twice in recent years I have read autobiographical travelogues of men who felt too much Silence & Emperor Penguins going on in their lives and their surroundings, and took themselves off to remote, isolated, extremely cold and inhospitable places.

This book tells the story of the men and women of Fighter Command who worked tirelessly in air bases scattered throughout Britain to thwart the Nazis. It is well written and has excellent references and information about former trips and explorers.
