Recommended for you. All market participants are eligible for long-term firm transmission rights. In this Final Rule, the Commission is amending its regulations to require each transmission organization that is a public utility with one or more organized electricity markets to make available long-term firm transmission rights that satisfy each of the guidelines established by the Commission in this Final Rule.

AboutthisbookWhilstfinancialrightshaveappearedasasuccessfulingred Aho, John E. In addition, the rules for pro-rationing payments may themselves include averaging of uplift similar to full funding.

Cinergyalsosuggestsretiringthelong-termrightsonaschedulethatrefle emphasize, however, that transmission organizations must provide long-term firm transmission rights that satisfy each

of the guidelines in this Final Rule even if doing so requires changes to existing systems. Some commenters, particularly Cinergy, Coral Power and NYISO, argue that the Commission misinterprets section b 4 and section b of EPAct as requiring the long-term firm transmission rights be made available from existing capacity.
