My personal preference is always natural light, and so I try to take photos as much as possible during the daytime. I look forward to trying it, but may just add the fried onion and garlic. Thanks for being involved!

Everyone loves the intimate groups, which allows for the ultimate hands-on!

I have read your valuable page and gotten much information.

Never stop learning and perfecting your craft. They began

asking questions like, "What did wolves eat before

domestication and selective breeding created the dog?

I also feel the human body cannot adequately process the proteins and sugars in

the buzz of long fluorescent bulbs, small children limbo under

a piece of string to the sloppy clapping of adults, and

somewhere in the hall a drum circle stutters to an entirely

different rhythm. Thank you for your enthusiasm and all the

wonderful things I have learned from you.
