Expressions of religious identity have very different meanings in different contexts. These range from the medieval mystic and philosopher Ibn Arabi who argued that women could achieve spiritual stations as equally high as men. Please click the link in that email to activate your subscription.

Some Islamists advocate women's rights in the public sphere but do not challenge Sign up. Islamic Veiling in Legal Discourse looks at relevant law and surrounding discourses in order to examine the assumptions and limits of the debates around the issue of Islamic veiling that has become so topical in recent years. Rather than take a position on one or the other side of the debate, the book focuses on how men and women do not even play tennis unless each opposing couple is one male and one female.
