They reflect on how much it taught them about being independent. All Rights Reserved. If you change your major late in the game, it may take more than the traditional four years to earn a degree. It can be. More training and education that you have time. In reality, the gap is shrinking more and more as the burdens of student debt continue to increase. But the problem is as follows, the notion of getting into collage has devalued over the years.

If you work hard and have integrity and determination you can really do anything. People have argued that going to school means sitting in a classroom rather than gaining valuable experience to put on your resume, but that argument is getting old. Liberal arts is not so much a type of school as it is a mindset.
